Together We Create

Maker Faire® Syracuse

Maker Faire is the Greatest Show and Tell on Earth – a family friendly showcase of invention, creativity, and resourcefulness, and a celebration of the Maker movement. It's a place where people share what they are making and learning. Makers range from tech enthusiasts to crafters, educators, tinkerers, hobbyists, engineers, artists, science clubs, students, authors, and commercial exhibitors. They are of all ages and backgrounds. Maker Faire's mission is to entertain, inform, connect, and inspire these thousands of Makers and aspiring Makers.

Spring 2024 marks the third annual Maker Faire Syracuse (MFS). The Faire is organized by a committee of educators, librarians, engineers, tech enthusiasts, and other members from local institutions, all of whom share the goal of uniting the community through creativity. Our mission is to provide equitable access to Maker and STEAM education. Sponsoring Maker Faire Syracuse offers you a unique opportunity to support the creativity of the CNY community while reaching thousands of people with your message. Together we can foster an environment that allows all members of the CNY community to showcase their talents, educate their neighbors, and explore the many facets of STEAM education that may not be readily available to them on a day to day basis. **Together we create.**
